

## **COVID-10 RESPONSE PLAN FOR FREESTYLE ONTARIO RUN EVENTS AND PROGRAMS**

### **DATE**

November 13, 2020

### **PERSON REPORTS SYMPTOMS**

1. In the event someone reports symptoms via the daily assessment, they will be contacted by Freestyle Ontario and instructed to stay home from the event or program. Additional confirmation of information such as when they were at the venue, and where they went at the venue in days prior to reporting symptom will be collected/confirmed.
2. The venue will be contacted, and informed which exact times the person was at the venue for, and which locations they were in.
3. In conjunction with the venue, FO will notify the appropriate persons both part of the event/program, and not part of the event/program that they were in contact with someone reporting COVID-19 symptoms.
4. Determine if the people that the individual who reported symptoms was in contact with are also reporting symptoms.
5. Decisions regarding, adjustments etc. to the event/program will be made by the FO COVID response group comprising of:
  - For Events: The Executive Director, Event Manager, and Chief of Competition, and the host resort.
  - For FO Run Programs: The Executive Director, FO staff member managing the program, and host venue.
6. Consult with local public health authority on proper communication procedures. See below for if person tested positive.

### **PERSON REPORTS POSITIVE COVID-19 TEST**

1. Freestyle Ontario receives confirmation from an event or program attendee that they received a positive COVID-19 test within 14 days of attending an FO event or program.

2. Freestyle Ontario will review the daily assessment to confirm the person reported no symptoms during the event or program. FO will confirm the dates, locations, and persons they were in close contact with when attending the FO event or program.
3. FO will contact the host resort, informing them of the above information, and work with the resort to contact the Local Public Health Authority to inform them that a positive test occurred within their region. FO will also consult local authority on process if the person in question was from outside the health region in which the event or program occurred.
4. FO will inform participants that a person who has tested positive for COVID-19 positive was at the event or program. Only those deemed to have been close contacts of the person will be contacted further.
5. FO will work with local public health to provide the necessary contact tracing information to the necessary public health authorities.
6. Determine the amount of contact with individuals who will be at future events or programs. Testing necessary to facilitate the next event
