Planning Instructions / Notes

Finalize the Seeded Lists as late as possible

Scratched competitors should be moved out of the seeded list to the bottom of the list so they don't get entered into a bracket

Skiers should all be told to be at the top waiting for their first dual and should return to the top directly after each run

Notes to Scorers

Always enter the scores for the blue run - the formulas will fill in the red scores

Re-Seeding for Finals
